OUR PROPOSED TI LEGRAPHIC RANGE.

Trunk lines throughout the UNITED STAYES.
AND FIRIGITORIES, which shad infinitely connect with lines to EUROPE, ASIA AND SUTH AMERICA.

THE PROSPECT.

The business of felegraphing is in its lufancy, ounst rapidly increase in the lumbediate future a yield still greater returns. The tensiness of the Southern States keying been suspended during twar, will soon be re-established. Lines of felegra are projected and in process of construction to I rope, Asia and South America, which, when completed, will at once materially old to the telegraphismess of the cauntry. The proposed routes car range are annually becoming more and ne populatis. Cheaper rates and more rapid, certain remarkable facilities will greatly popularize to telegraph and having his abstitution for the infer the purpose of current commordal correspondence. All these considerations point boom future as an important one, and plandy show that this the golden depending we for mangarating a tegraphic currences of the character and magnitud the one now proposed.
